MEMORANDUM

From: Board of Directors of Boreal Area Regional Waste Authority Inc. (BARWA)

Re: Notice to the public regarding Landfill operations

This is to advise that the fire that began at the Waste Diversion Centre (landfill) on June 15th is now well under control, although monitoring and restrictions remain in place until further notice.

*Other than deliveries by MTN Disposal, the landfill will remain closed to **household waste** until further notice.* Regular household curbside pickup will continue as per normal.

Compost and yard waste, metals and recyclables will continue to be allowed effective today as well as CLEAN construction materials.

Barricades and signage will be in place and staff will provide direction.

Everyone MUST stop at the gate for instruction prior to proceeding.

Thank you for your patience as we continue to resolve this situation as quickly as possible.

If you have questions or wish to discuss directly, please feel free to contact me at (306) 862 9866 (Ext. 233).

Rennie Harper, Chairperson
Boreal Area Regional Waste Authority Inc.

NOTE: The Household Hazardous Waste disposal day will continue as planned on Saturday, June 19th.
