

## ANNUAL WATERWORKS INFORMATION

Year: 2021

Name of Municipality: Town of Nipawin

Date: December 19, 2022

### **WATERWORKS RATE POLICY**

On June 13<sup>th</sup>, 2016, Council passed a bylaw to fix the rates to be charged for the use and consumption of water and to fix the rates to be charged by way of rent and service charge for the use of the sewer.

Under the waterworks rate policy bylaw, the water rate of \$51.96 for the first 3,000 gallons of water, \$13.31 per 1,000 gallons in excess of 3,000 gallons to 33,000 gallons, and \$10.62 per 1,000 gallons in excess of 33,000 gallons as adopted under the Water Bylaw, dated June 13<sup>th</sup>, 2016. This bylaw came into effect August 1<sup>st</sup>, 2016.

<b>Date</b>	<b>Consumption</b>		<b>Rate</b>
<b>August 1, 2016</b>	Minimum	3,000 gals	\$51.96
	Overage	3,001 – 33,000 (both inclusive)	\$13.31 per 1,000 gals.
		33,001 and over	\$10.62 per 1,000 gals.
		Infrastructure Fee	\$30.00 per month

The objective of the Waterworks rate policy is to ensure waterworks infrastructure is updated to meet the needs of the community. We are currently replacing our Waterworks infrastructure.

### **WATERWORKS CAPITAL INVESTMENT STRATEGY**

The objective of the waterworks capital investment strategy is to address anticipated waterworks infrastructure maintenance and future infrastructure replacements in a timely fashion to ensure the municipal waterworks provides safe drinking water to residents and businesses.

To cover the costs of future waterworks infrastructure maintenance and replacements, Council undertook a combination of increasing water rates and the addition of an infrastructure charge to fund the infrastructure maintenance and replacements. The capital investment strategy will ensure that safe

drinking water can be provided to the residents and businesses in the present and future. In 2016, the Town of Nipawin was awarded an infrastructure grant from the Federal and Provincial Government, totalling \$13.6 million. This grant allowed the infrastructure fee to be decreased effective August 1<sup>st</sup>, 2016.

The construction of the new water treatment plant and well infrastructure is now complete.

## **ANNUAL WATERWORKS FINANCIAL OVERVIEW**

The following is information on the waterworks, as required under The Municipalities Regulations:

2021 Waterworks Overview:

Total waterworks revenues: \$2,251,252

Total waterworks expenditures: \$1,696,430

Total debt payments on waterworks infrastructure loans: \$0.00

Comparison of waterworks revenues to expenditures plus debt payments, expressed as a ratio:

$$\frac{\$2,251,252}{\$1,696,430} = 1.33$$

## **RESERVES**

Reserves available for waterworks capital infrastructure - \$1,598,730.

**The following additional information is available at the Municipal Office on the waterworks:**

- The waterworks rate policy.
- Capital plans in place and related sources of funding for the projects.
- 2022 financial overview of the waterworks.
- Waterworks reserves.
- A copy of the 2015 waterworks assessment.
