

TOWN OF NIPAWIN

ADMINISTRATION REPORT TO COUNCIL

DATE: September 5 , 2017
TO: Barry Elliott, Chief Administrative Officer
FROM: Luc Morin
SUBJECT: Bylaw Enforcement Report

Purpose:

To provide Council with details of monthly bylaw enforcement activity.

Background:

Patrolled town regularly

2 verbal warnings were issued for parking violations.

1 Minimum Standards of Maintenance Repair building that I am working on down town.

23 Nuisance complaints came in and were investigated.

6 complaints were regarding tall grass and weeds that need to be cut and trimmed.

The complaints were investigated. 2 Orders were sent out. The other three I dealt with verbally. One of the orders which was sent registered mail can back to sender. I will be taking the next steps to remedy the contraventions.

1 property I hired a contractor to cut and clean the tall grass and weeds because the owner did not comply.

2 nuisance complaints regarding bee boxes. I sent orders out to have the bee boxes removed from the property.

2 noise complaints that were dealt with, both loud music and partying.

6 Animal control complaints that was forwarded to animal control officer.

2 of the complaints was regarding a dog bite that I spent quite some time on researching The Municipalities Act, Dog Bylaw for Town of Nipawin and also from other cities such as Saskatoon, Yorkton, Regina, Prince Albert, North Battleford and Warman. All of these cities are very similar to Nipawin's Dog Bylaw.

I also researched the Animal Law in Canada regarding dog bites and dangerous dogs. Since the date of the dog bite, Kevin Genik and I have been patrolling the area to some extent and will keep monitoring the situation.
