

HOW TO USE

Tripvia is a free, downloadable app for both Apple and Android phones. log into the app, and discover two free Nipawin offered tours; one walking tour and one driving tour!

Once you select "Start Tour", the introduction will give you an overview of how the tour will work. The landmarks are numbered in a suggested route; however, this is just a suggestion of how to complete it.

When you are ready at your location, click on the "Listen to Audio" button and it will begin to play. You can replay it as many times as you need. Once you are done at your location, click "next" and it will set you up for your next stop. You can skip any stops on the tour, it is entirely what you would like it to be!

If you choose to stop the tour to spend time at an attraction, you can easily jump back into your tour again by clicking the location on the map that you last left off on!
